VOLUME XIV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, MAY 20, 1857. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Wednesday Morning, May 20.

Arrival from Europe—Three Days Later.

The *Niagara* is in, with three days later news. There is nothing of great importance reported. Breadstuffs were still advancing.

The New Yorkers are still in trouble relative to their Police Commissioners.

Several members of the Cabinet are to attend the Cincinnati and St. Louis Rail Road celebration.

The lines were not in working order last night.

The News and its Elephant.

There is a well-known story current of an English gentleman who drew a real live Elephant in a raffle. He was charmed, at first, with his luck, and graciously received the congratulations of his friends. But presently came the question what to do with the Elephant. He had no place to keep him; there was no use to which he could put him; it was beneath his dignity to exhibit him; and the original proprietors would not take him back on any terms. The result was that the Elephant remained on his hands, the source of extreme disgust and perpetual annoyance. Even so is it with our neighbor of the *News* and Kansas. That Territory and the problem of its future *status*, have caused the *News* infinite and unceasing perplexity. It has had it on its hands, these two years past. At first it was indignant that Eastern "Emigrant Aid Societies," should send settlers there, to help build up free institutions; and now it is angry because they do not sufficiently interest themselves in the work. At one time, it fiercely denounced the project of giving the settlers arms to defend their lives and property, and now it stigmatizes these same settlers as poltroons for neglecting to use those arms. It has all along professed a desire to see Kansas a Free State and once or twice screwed its courage up to a faint rebuke of "Border Ruffian" murders, robberies, and arson; yet it opposes the adoption of the Topeka Constitution, forever prohibiting Slavery in Kansas, and sustains the bloody laws of the *bogus* Legislature, elected by Missouri interlopers. It has successively endorsed, in loud sounding phrase, each of the four Democratic Governors that Kansas has enjoyed, and predicted that each, in turn, would see fair play and restore quiet to that vexed territory; and then, as its temporary idols were, one by one, displaced, and new democratic gods installed in their stead, the *News* has been prompt to discard the rejected divinity and transfer its venal worship to the rising sun.

Nothing indeed has gone to its taste in Kansas, and its special grievance, just now, is the refusal of the Free State men there to participate in the fraudulent election of June 3d. The reasons for that refusal, as set forth by the Free State men themselves, in Convention assembled, we have spread at length before our readers; but the *News* declines "to insult its readers" by reproducing them. Of course, it *dare* not let its readers see the formidable array of facts and the incontrovertible arguments by which the Free State men of Kansas justify their course and conduct and charge home upon the Pro-Slavery and Sham Democracy the entire responsibility for the long series of outrages which has indelibly blackened that page of our Country's history.—But its efforts to suppress the truth, or to garble the facts, will be alike vain. The intelligent Freemen of the North understand the game, and are intently watching its progress. They fully comprehend the potent influence of the Federal Government in guiding the destinies and moulding the institutions of the infant Territory. They know full well that the active sympathy of the PIERCE Administration was wholly on the side of the Border Ruffians and Slavery Propagandists. And they see every day, fresh evidence that Mr BUCHANAN is "following in the footsteps of his illustrious predecessor." *If*, in spite of all these adverse influences; in spite of the unholy alliance between Border Ruffianism, Sham Democracy and proscriptive Know-Nothingism, KANSAS shall yet be FREE—as we hope and believe she will—it will be because "the irresistible genius of Universal Emancipation" has proved too strong for the hacks and hirelings of the Slavery Propaganda.

Blowing his own Trumpet.

The City Attorney, by his next friend, the City Printer, again endorses in yesterday's *News*, the soundness of his opinion that the *See Bote*, whereof Alderman GREULICH is proprietor, was rightfully designated as one of the "official papers" of the city, notwithstanding the charter expressly and positively prohibits any Alderman from being "a party to, or interested in any job or contract for the city, or either of the Wards." These worthy brothers in spoils also assert that the *Sentinel* "has not read," and "dare not publish," the enlightened and elaborate opinion of the extraordinary corporation counsel on this question. We beg leave to assure them that they are wrong, as usual, in both particulars.—We *have* read the opinion aforesaid, and though the city Attorney, like his illustrious prototype, formally notifies us, that

> "The man who dares these boots displace,
> "Must meet Bombastes, face to face,"

we would cheerfully encounter the hazard, if we had not some consideration for our numerous readers. To inflict this "opinion" upon *them* would be rather too bad. We suggest, however, that it would appear to great advantage in the columns of the *News*.

The City Printer and City Attorney also certify that the *Sentinel* is unwilling "to meet Gen. FOOTE in a legal proposition." We confess to this disinclination, which is shared in very generally by the members of the Bar, but whether from fear of "Gen. Foote's" trenchant logic and formidable "boots," or because they prefer "a foeman worthy of their steel," we leave the public to guess.

GOV. WALKER'S PROGRAMME.—The new Governor of Kansas, who is by this time, probably, at his post, made numerous fair promises before leaving New York, as to what his course should be in the administration of the government of the Territory. We shall see what will come of them. The N. Y. *Herald*, in an article which we publish to-day, pretends to have been behind the scenes, and to have obtained a sight of the programme under which Mr. Walker calculates to satisfy all parties, being nothing less than to let Northern Kansas come in as a *Free State*, and to add to the Southern part of the Territory a reasonable slice from the lands sacredly reserved to the Indians, west of Arkansas, and bring it into the Union at the same time, as a Slave State!—This is quite as good a programme as could reasonably be expected of Mr. Walker.

SALE OF CAPITOL LANDS.—The State Commissioners give notice that they will sell at Madison on the 3d of July, the remainder of the ten sections of land granted long ago by Congress for the public buildings. Lawful pre-emptors may prove up their claims at any time before the sale. The lands not pre-empted are to be sold to the highest bidder, at not less than their appraised value, one half of the money to be paid down, the other half in one year. These lands, we believe, were selected with great care.

☞ It is stated in a dispatch from New York that a proposition has been introduced into the New Granada Chambers, to place the Isthmus under the protection of the United States, England, France, Sardinia and New Granada.

RICH BANKERS DEAD.—Three rich bankers of New York have lately died—Samuel Nicholson, who left $800,000; J. F. A. Sanford, who left $1,000,000; and Jasper Grosvenor, leaving about the same amount.

Swamp Land Pre-emptions and Sales—School Land Sales.

The State Commissioners of lands give notice that pre-emptions on lands in the undermentioned counties must be made at least 10 days before the days of sale, and the purchase money paid, at $1,25 per acre, at the Secretary of State's office, in Madison. We give the names of counties, place and day of sale.

MORE REWARDS OFFERED.—The proprietors of the New York *Times* having offered a reward of $5,000 for the detection and conviction of Dr. Burdell's murderer, the New York *Herald*, not to be outdone in this species of advertising, offers a reward of $5,000 for the detection and conviction of the murderer of Dr. Burdell, and $5,000 each for a like clue to the fate of nine other persons who have recently or within the last few years been murdered or suddenly missing in New York—making an aggregate of $50,000. In addition to this it offers a reward of $1,000 each for such information as will lead to a discovery of the whereabouts of Erastus L. De Forest, from the Metropolitan Hotel; John B. Vedder, of Chicago, do, and Miss Sarah McClelland, from Brooklyn.

OBSERVATORY AT ST. LOUIS.—It is stated that when Mr. Everett concluded his appeal in St. Louis, in behalf of the University of that city, not only was there $47,000 added to its endowment, but a millionaire present declared that he must be permitted to build an Observatory, and had set aside $100,000 for that purpose!

☞ The Directors of the Metropolitan Bank, New York, have voted to increase the capital of that Bank from three to four million dollars.—Half of this increase will be called for on the 15th of July, and the remainder on the 15th of September.

FINANCES OF CONNECTICUT.—The report of the State Comptroller of Connecticut says the State is in debt $27,561. The expenses of the current year are estimated at $250,001. An increase of two per cent. in the State tax is recommended.

GOLDEN SAUSAGES—A NEW DODGE.—The proprietor of a restaurant in Paris has succeeded in attracting a large amount of customers by advertising that in one of each fifty links of sausages put up, there is placed a gold piece of about the value of a dollar! It is said the number of sausages eaten, as well as the average consumption, has increased enormously. What a world it is!

A TEMPEST IN A TEA POT.—The editor of the Newbury, South Carolina, *Rising Sun*, thus "highfalutes" over the prospects of Slavery.—Hear him:

> Clouds and darkness; threatening clouds, ominous darkness, gather around our political future. A night, gloomy and terrible, sets in upon us. We are drifting slowly, silently, into an ocean of storms, furious whirlwinds, quicksand, and fearful whirlpools. A solemn silence prevails—'tis the precursor of a horrible tempest. Hark! the low muttering rumbling of distant thunder breaks upon the stillness. Fitful flashes reveal the sullen gloom. The lurid air is heavy and chill.—The storm approaches—nearer and nearer it comes, louder and more loud it howls. Man the sails—all hands to their posts. The south expects every man to do his duty. Life and death, honor and liberty are involved. Let each heart be firm, each nerve be steady. The conflict will be fierce as hate and malice can make it. Stand firm. Hark! what crash was that? Kansas is gone! List, a triumphant shout from the spirits of the storm! Missouri is yielding. How fierce the blasts, how lurid the lightning! How terrible the tempest; sea and heaven are commingled! Howls horrible, yells terrific, tear our ears! Virginia is assailed. Gloomy, dark, terrible howls the tempest! Watchman, what of the night? All is dark! dark! no dawn appears.

FRUIT "DOWN EAST.—The Philadelphia *Bulletin* says:

> We learn from various parts of Delaware, New Jersey and Pennsylvania that there is every appearance of our having the heaviest crop of peaches ever known. Of course they will be cheaper than ever. In regard to other fruits the prospect is as favorable, or nearly so. The chilly weather of the past day or two is not likely to have caused any injury, and the young fruit may now be regarded as safe from all danger from frosts.

Important Rail Road Movements.

We learn that the contract executed last September between the La Crosse & Milwaukee R. R. Co., and the Watertown & Madison R. R. Co., providing for the consolidation of those companies, has been finally concluded. By this arrangement the entire business of those important railroad interests has been consolidated.—*Madison Argus.*

BUSINESS PROSPECTS OF HUDSON, WIS.—As we predicted, on the breaking up of the ice, business in Hudson opens with a rush. In a single week, more boats have arrived, and more emigrants have settled in the country, than during the first month of navigation last year. The Hotels are full, houses are going up, real estate is changing hands rapidly, and at prices on an average of at least one hundred per cent advance on prices a year ago.

No man who frequents our streets now, will fail to be inspired with the firm conviction, that Hudson is going ahead with a rapidity heretofore unknown.—*Chronicle.*

MINNESOTA AHEAD.—The Mayor of a paper city, somewhere up in Minnesota holds forth in the following glowing strain, in his inaugural:

> The growth of our city are astounding to all human calculations. They staggers belief and the thoughts mount up to glory and vociferate hallelujah at the shrineific panorama of the butterflie brilliancy of the future hereafter of the time to come by and by in a few years from hence. We must make ample provision for that time, or bust."

Where is Col. BIRD?—*Madison Journal.*

Correspondence of the New York Herald.

Governor Walker's Programme.

The Favorite Bantling of Doctor Douglas in a New Dress—New Scheme for Kansas as a Free State with a New Slave State on the South Side,

WASHINGTON, May 13, 1857.

The new Governor of Kansas, Mr. Walker, has talked the whole matter over with the President, fully and freely, from the last Presidential election to the next, and goes out to Kansas with something more to do than the ratification of the manifestoes of Secretary Stanton. No man possessed of the shrewdness, experience and calculation of Mr. Walker, would take the trouble of going to Kansas to set himself upon the platform of Governor Shannon, merely to be knocked over like Governor Geary. Governor Walker has been studying the stubborn facts laid down in the New York Herald, and sees that it is all folly to expect anything like peace between the free State and slave State parties in Kansas, as matters now stand, short of the subjugation of the one party or the other. Hence the necessity of some new plan of pacification, and here it is:

Governor Walker's programme is to allow the pro-slavery party to go on and frame their slave State constitution; to allow the Free State party, at the same time, to hold as many conventions and pass as many indignation resolutions as they please, and to throw all the proceedings of both parties into the next Congress, with a splendid manifesto in behalf of his new compromise.—And what is that? The simple scheme of giving the lion's share of Kansas, as now organized, to the Free State party for a Free State, and of forming the boundaries for a new slave State by adding to a small slice of Southern Kansas a large slice from the splendid Indian county south of it; the Slave and Free State to come into the Union together.

By this arrangement it is supposed that both the pro-slavery and Free State politicians, in getting the Congressmen and other spoils of a new State, will be satisfied, and that the speculations in lands, town lots, white settlers and niggers, will also be satisfied, and above all, that a great treaty of peace will follow between the North and the South. This is the real plan of Governor Walker. The other plan of abiding the vote of the people, &c., is only the tub thrown out to amuse the whale and the gudgeons.

Dreadful Tragedy.

Yesterday morning, at about 2 o'clock, a citizen living near the stone quarry, on the corner of Ashley and Lewis streets, hearing cries of distress, arose, lighted his lantern, and proceeded to the source of the cries; found two men lying at the bottom of the quarry, and under the line of Lewis street. He at once gave information of the fact at the police office, and the two men were conveyed thither. The skull of one of them was thoroughly fractured through its whole extent, from the forehead backward, and other severe wounds were upon his person. He was in a deep lethargy, was taken to the Sister's Hospital, and there shortly after expired. The face and body of the other was cut and bruised, and his arm broken and dislocated at the shoulder. From him and some other sources the following particulars were learned:

They were Robert M. Webb, of Lewiston, Pa., and Dr. Henry R. Eaton, of Holidaysburg, Pa., and were travelling together on business, on the steamer Rocket, which arrived up the river at about 10 o'clock of the previous evening, from Pittsburg; the boat stopped a while at the lower levee to leave some barges, during which Webb and Eaton came ashore and found their way up to the *Republican* office, and having transacted some business, they left to return to the boat, at about 11 o'clock. The boat having in the meanwhile, changed to another levee, they could not find her, and wandered about till near 12, when they entered the Mechanic's Exchange, on Main steet, near Belcher's sugar refinery, and stated their situation. Some six persons were in the bar-room, playing at cards, smoking, &c. The barkeeper said he knew where the boat lay, but that boats did not lie so far up as they were.—One of the party said that he saw the Rocket when he came in and would conduct them to her. Two others volunteered to accompany them, and they left together. When in Lewis street, near the quarry, one of them demanded of Webb his money, and was answered by a blow. The others then assailed both of them; Webb was struck heavily, and in an instant the two were lying on the stony base of the quarry, twenty feet below.

A post mortem examination was held by Dr. Johnson upon the body of Webb, and the following verdict rendered:

"ST. LOUIS, May 14, 1857.

"I hereby certify that at the request of coroner Kennedy, I this day held a post mortem examination upon the body of one Robert M. Webb, deceased, and came to the conclusion that said Webb came to his death from a fracture of the cranium, and consequent extravasation of blood upon, and compression of the brain.

"Signed, O. C. JOHNSON, M. D.,"

The coroner's inquest is in progress, and will be resumed at 9 o'clock this morning. It is considered very doubtful if Eaton, who is at the Sister's Hospital, can survive. No persons have yet been sufficiently identified to warrant an arrest. Probably a sufficient clue will be gained before the inquest is concluded.—*St. Louis Democrat, 15th.*

PRESTON S. BROOKS' SUCCESSOR.—Gen. Milledge L. Bonham, of Edgefield, S. C., who has just been chosen to fill Preston S. Brooks' seat in the next Congress, is a strong States Rights democrat, and as a member of the South Carolina convention in 1852 voted for the secession ordinance. He received 3,552 votes to 2,093 for Charles P. Sullivan of Laurensville. Both these gentlemen are lawyers of high standing, and were classmates at the State College, graduating in 1834—Mr. Sullivan with the first and Mr. Bonham with the second honor. The total of 5,645 votes in this district is evidently below the average, the free white population being 54,918; the slave population of the district is 72,185. What a contrast this district bears to the second district of Wisconsin, which last fall polled 50,000 votes—or more than the whole vote of South Carolina, and nearly as many as the entire free population in the 4th (Bonham's) district.—*Springfield Republican.*

LET THE DIFFERENCE BE SETTLED.—The Legislature has now been in session two weeks and nothing, absolutely nothing, has been accomplished. The wheels of legislation have been effectually blocked in order to give time for plotting and counter-plotting, and up to last Saturday there seemed to be as little prospect of any arrangements being made among the different conflicting interests as there was during the first three days of the session. Then all was chaos and doubt. At the close of last week, schemes and counter schemes were proposed in abundance, but no plan definite, tangible, and just to all parties, had the least apparent prospect of reaching maturity.

The grant of lands by Congress is indeed munificent and ample; but if it is entrusted to gambling speculators they will at once, for a *consideration*, put these lands into the hands of Wall street stock-jobbers, and the people of Minnesota will be effectually fleeced out of their rich heritage so munificently bequeathed to them by the general government.—*St. Paul Minnesotian, May 11.*

DISTURBED REMAINS.—Yesterday, in excavating for the foundations of the new stores on South Water street, between State street and Wabash avenue, the workmen came upon the thickly interred remains of the soldiers under Gen. Scott, who perished in the cholera season of 1832, and for whom the tract of land, soon to be covered with lofty business blocks, was set apart as a burial ground. Many of our citizens remember when the whole surface of the lots referred to was covered with mounds marked with rude headstones, which the march of improvement has swept away. The remains of the poor fellows, now disturbed after a peaceful rest of twenty-five years, are now tossed out carelessly by the laborer's spade and lie loose and mingled with dirt and rubbish. They should be carefully collected and recommitted to the earth in some spot where they may not again be thrown out of their resting place.

FROM EAGLE LAKE.—Mr. H. P. Polker, who has resided at Eagle Lake the greater part of the time for the past two years, (which place is about 50 miles north of here by land, and 150, by the course of the river,) has just come down from there with a birch bark canoe, loaded with the Ontonagon mail, and furs from Eagle Lake. He reports that he met several persons on the route going up there to settle. Mr. Polar has been the only inhabitant of that region, except the "red men," since his first settlement there. His business has been, trading with the Indians for furs. That which he brought down this time he sold to L. Doolittle. It consisted principally, of otter, beaver, mink, and martin, and amounted to about $500. He designs going back to Eagle Lake immediately, soon to come down again, with another canoe load of fur.—*Central Wisconsin, (Wausau) May 14.*

RAKES.—A rake manufacturer in Cleveland, Ohio, has contracted to ship 64,000 horse rakes the firm of F. M. Chapman & Co., of Chicago; 5,000 go to Milwaukee. The materials are ash and hickory—the latter for the teeth. Ninety thousand rakes will be shipped to the West to be distributed among the farmers before harvest. So says the Cleveland *Herald.*

☞ An Irish lady wrote to her lover, begging him to send her some money. She added, by way of postscript, "I am so ashamed of the request I have made in this letter, that I sent after the postmaster to get it back, but the servant could not overtake him."

Correspondence of the Cincinnati Gazette.

A Full and True Account of the Dreadful Duel at Catlettsburg—How two Blood-thirsty Kentuckians Shot each other Six Times.

CATLETTSBURG, KY., May 15.

One of the most dreadfully bloodless duels that it has ever been my lot to witness, took place opposite this town, this (Friday) morning at 5 o'clock, between two chivalrous gentlemen from Louisville, Ky. The principals were A. D. Lawrence, (a married man) and John W. Owings.—The circumstances as I have just learned them from one of the party, are these:

Lawrence, attracted by the beauty of a poor girl in Louisville, married her. After marriage, her beauty attracted this John W. Owings, and their intimacy became town talk. The husband threatened him, and three different times did challenge him, but each time Owings promised faithfully not to do so any more if he would not shoot him, and the difficulty was for a time settled. But the intercourse still continued, and at last Lawrence grew desperate and swore he wouldn't stand it any longer. He separated from his wife, sued for a divorce, and sent another challenge to Owings. The dreadful crisis had come; both seemed desperate, and a most bloody conflict was anticipated. So determined and blood-thirsty were they, that the whole town of Louisville was wrought up to such a terrific state of excitement, that my informant said he should not wonder if the folks there got up another mob, or turned and hanged somebody.

As duelling is forbidden in Kentucky, the parties started up the river to Virginia, to fight it out on soil consecrated to chivalry—the Old Dominion.

Lawrence was attended by Henry Churchill as his second, and Dr. Pyles as surgeon; and Owings by Wm. Booker as second, and Dr. Forsyth as surgeon.

As the principals were capital shots, two surgeons were taken instead of one, as is usual, nobody doubting but the services of both would be required.

Arrived at Cincinnati they laid over one day to practice, stopping at the same hotel (the Spencer House) and engaging the same pistol gallery. It may seem singular that these two sanguinary gentlemen would submit to travel together, but I suppose it was a great satisfaction to them to make mouths at each other across the table, and besides, they didn't like to travel alone—not being much used to it.

THE BLOODY GROUND.

At 5 o'clock this morning the party took a yawl and went over to Virginia Point, accompanied by the watchman of the boat and a deck hand. It was raining, but they went into a log blacksmith shop and loaded; then the seconds went out under an umbrella and stepped off fifteen paces. The pistols were carried out under their coat tails, and the doomed were in a most solemn stillness—broken by no sound but the pattering rain on the roof of the blacksmith shop; they took their places, dreadfully pale—from their early rising.

They exchanged six shots without effect—nobody knew where the balls went. The gentlemen having by this time become so nervous that it was feared their weapons might go off accidentally in their hands, and kill the surgeons or somebody else, the seconds suggested, as it was raining hard, that they had better put it off till pleasant weather. This they cheerfully acceded to, and as the steamer Boston was just about to leave for Cincinnati, they all got aboard and started home again.

The gentlemen are said to be perfectly satisfied. By this brave act not only is the honor of both healed, and their insults avenged, but the lady is placed forever above the reach of suspicion.

A SOUTHERN LADY'S TRAVELING WARDROBE.—A few months since a lady from a neighboring city passed through Baltimore en route to Washington, expecting to be absent from her home for two days. In the rush of travel about that time, two trunks, containing her wardrobe, were missed, and as she held the checks of one of our railroads for them, the Company of course was liable for the contents of the trunks. She was requested to give, as far as she could remember, a list of the articles in the trunks, and their value, when the following list was forwarded, and is now among the archives of the office:—

The foregoing catalogue was given as all that could be remembered at the time, but the next day another list was received, enumerating articles to the value of $300, making the grand total of the value of a young lady's wardrobe, $2000, independent of the dresses, jewelry, &c., which she was wearing at the time the trunks were lost. Fortunately, however, for the Company, the missing trunks were found, having been miscarried, and their contents all safe.—*Baltimore American.*

Deal Gently with the Little Ones.

A child, when asked why a certain tree grew crooked, replied, "somebody trod upon it, I suppose, when it was little."

"He who checks a child with terror,
Stops its play, and stills its song,
Not alone commits an *error*,
But a grievous moral wrong.
Give it play, and never fear it,
Active life is no defect;
Never, never, break its spirit;
Curb it only to direct.
Would you stop the flowing river,
Thinking it would cease to flow?
Onward must it flow forever;
Better teach it where to go."

[From the Buffalo Commercial Adv. 16th.]

THE LAKE.—The wind is about west, and the ice very much broken up, has crowded into the Bay and mouth of the river, so that it is impossible for a vessel of any kind to move. About a forty or fifty sail, bound in and out, are in sight. The ice is rapidly going down the river, and another change of wind, we hope, will give us free navigation.

☞ The steamer Queen City, Capt. Chamberlain, our citizens, who trade to that point, will be glad to learn, is to run the present season between this port and Green Bay. She will shortly be here to commence her trips.

☞ The first arrival of a sail vessel from Lake Michigan at this port, was the schooner Oriental, Capt. Sheppard, yesterday afternoon. She had a cargo of 11,000 bu corn for E. Daw & Son. The Captain says he had a fine trip down, with the exception of detention by ice at the Straits, and off this harbor. The Oriental was last season owned in Oswego, but now belongs to Messrs. E. K. Bruce and R. R. Johnson, of this city. Capt. S., reports the schooners Kenosha, Matt Root, and Energy, in the offing bound in, working their way through the ice.

STEAMER MICHIGAN SUNK.—The clerk of the steamer Michigan, (from Green Bay for Buffalo,) came in on the afternoon train yesterday from Erie, and brings the intelligence that the Michigan, while attempting to enter that harbor, ran on the wreck of the Golden Gate, and sunk.—The Clerk's visit here was for the purpose of procuring a tug and pump to go to her assistance. The steamer had a cargo of 1,600 bbls flour, and a quantity of whitefish.

P. S.—The Buffalo Mutual's Pump has been procured, and taken up. The hull was not insured, but the cargo, or a part, was.

☞ The *Express* this morning says Van Slyke, Notter & Co., have laid the keel for a propeller of 600 tons for the Western Transportation Company, which is to be completed and ready for sea by the 15th of September.

☞ We learn that there is a great body of ice in Georgian Bay, Lake Huron. Several vessels are in it.—The bark Malta, Collingwood, for Chicago, with a cargo of lumber, a few days ago, it is feared is lost. Nothing certain.

The following are the names of the vessels, which passed Port Colborne, from the 12th to the 15th inst:

Bound West, 12th—Schooners Flying Cloud, L. M. Bellard, Ostrich; 13th—Schooners North Star and Perseverance.

Bound East, 13th—Schooner Garden City; 14th—Schrs Canada and St. Paul, barks Quebec, Superior and Clayton—schooner Reindeer; schooners Loafer and Elk; 15th—T. G. Colt, Westchester and J. H. Tiffany.

POLICE COURT—MAY 19.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Warden Bailey, disorderly, was discharged for want of prosecution.

DISORDERLY FIREMEN.—The following were the firemen who were arrested on Monday night for being disorderly, and whom, it will be remembered, it was attempted to rescue:

James Sanders and John Agar, were fined $3 each and costs.

The trial of Joseph Weisner, who gave the false alarm, and tried to excite others to break open the Watch House, was postponed till May 29, (this morning.)

James Finley and Frederick Laompke, for being disorderly, fined $10 each.

The Justice remarked that it was the wish of the Police and other officers, to encourage and assist the firemen all they could in the discharge of their lawful duties, and that if any fireman, or other person, was unlawfully arrested, the law provided the manner for redressing the same, but when the firemen, simply because they are firemen, attempt to resist an officer in the discharge of his duty, they deserve to be punished as severely as the law will allow.

In this instance he would make the penalty low, as the young men were of previous good character, and as it was the first case of the kind in which the firemen had been troublesome, but in case that such a charge should be brought against them again, he would make it as heavy as the law would allow.

Wm. Wilson, charged with stealing a watch, valued at $80, on board the schooner Charles Walker, waived an examination, and was committed in default of $300 bail for his appearance at the next term of Circuit Court.

THE FAILURE OF SATURDAY.—The parties whose failure we noticed yesterday had a hearing in the forenoon, and were discharged on $2,000 bail each. The arrest was made at the suit of *one* of the platform men, and it was said in the afternoon that others intended to test the matter. It seems that, in some of the cases at least, the wheat was purchased on the usual terms—on delivery at the warehouse—and it was not till after delivery that the buyers asked and obtained time till *Monday*, and then made their assignment on Saturday night. The case of the platform men involved is a very hard one.

Mr. Montgomery was brought before Judge PAINE, of the County Court, on a writ of Habeas Corpus, brought to procure his discharge. After argument by the counsel—Nelson Cross, for petitioner, and N. J. Emmons for plaintiff (Elliot,)—the Judge decided that the affidavit was sufficient to retain the former in custody. Bail was obtained as above stated.

P. S.—Since writing the above, we notice that the *Wisconsin* of last evening reads us an impertinent lecture for having ventured to mention on Tuesday this matter, which had been the subject of town-talk since Saturday night. That paper, which is famous for its gossipping tendencies, is the last one which should venture to read lectures to others, even if there were reason. In this case, justice to the parties who were the losers, and who are the middle-men between the farmers and buyers, required that the facts should be stated, and we said far less than might properly have been said. The *Wisconsin* makes statements in regard to the affair which are notoriously untrue.

The Police Justice.

Of all the institutions in our city, the Police Court is one of the most essential. The duties of the Police Justice are of the most exacting nature. From year's end to year's end, without one single day's respite, must he come up to the bar of justice, without flinching, and administer correction to recreants of every grade. There is probably not one single day in the whole year, (Sunday's excepted), upon which there are not more or less criminal cases tried before this court. Vice and crime of every description, in their most hideous forms, are constantly being revealed to the eyes of the Police Justice.—What an arduous duty is his, and what an immense responsibility and care must he have on his mind, in administering justice under so many different circumstances!

Justice WALWORTH has always been highly esteemed and respected by all parties for his impartiality and justice in all cases, and we know there are but few men in the State who could give such general satisfaction in his position.

The Common Council are now acting upon the matter of raising the salary of the Police Justice, and we trust that they will make it an amount that will nearly repay him for his never-ceasing labors.

DIED FROM THE EFFECTS OF LIQUOR.—On Monday evening, in a saloon on Milwaukee Street, kept by a man named Malony an old man named Byron dropped dead from the effects of long continued intemperance.—Byron has often been before the Police Court for being drunk on the streets. He was formerly a Priest, but for his bad habits was excommunicated. He was spoken of as a man of considerable talent, and had a very good education, but was a complete slave to his insatiate appetite for rum, though he knew well that it was fast ruining him. So it is with many men who might be honors to themselves and ornaments to society—sunk below all hope of redemption by their everlasting thirst for Alcohol, which is as unquenchable as the fires of hell, they go down to the drunkard's grave unlamented and unknown! The body of Byron was interred in the Poor house burial ground yesterday afternoon.

RIVER STREET.—This street runs from Oneida to Chestnut Street Bridge, parallel with East Water Street, and between it and the river. It is but little more than a year since this street was almost entirely under water, but it has, during the past year, thrown off its watery garb, and is now as good a piece of dry land as can be found in any part of the city. The bayou is fast being filled up, and probably in the course of another year will be nowhere to be found. There are already many lumber, wood and coal yards on this street, and from its location it is peculiarly adapted to this, and a general shipping business. Two or three lots on this street would now bring about as much as the whole "Island" (for it used to be called "the Island") would sell for, five or six years ago!

A DANGEROUS PLACE.—The bridge across the bayou, at the South end of River Street, is in a most shameful condition; the railing on one side has been broken down and taken away, so that there is nothing to prevent man or beast from walking or driving into the River of a dark night. Though there is no passage across Oneida Street Bridge at present, yet River Street has become a public thoroughfare; and, besides, there are many who come that way at night, who are not aware that Oneida Street bridge is impassable, and thus run the risk of having their horses killed, or their own necks broken. We would suggest to the Aldermen of the Seventh Ward the propriety of having, at least, a temporary railing put up at the South side of this bridge.

HARBOR MASTER NEEDED.—Capt. BLEND, of the schooner *Indus*, reports that in coming into the river the other day, *four* vessels were lying side by side near the burnt warehouse in the lower river, and he was forced to go so far out of the channel as to get aground, losing control of his vessel so much that he ran into a couple of vessels on the other side, damaging both them and the *Indus* to some extent. A brig, lying close by, also had her yards crossed, contrary to all decent practice. One of the duties of a harbor-master would be to regulate the position of vessels in port, and thus prevent such accidents as the above.

THE FALSE ALARM OF FIRE, MONDAY NIGHT.—It is due to the Members of Engine Co. No. 2, always one of the most efficient and orderly Companies in our Fire Department, that the persons (whether Members of that Company, or not) who raised the false alarm of fire, Monday night, avowedly for the purpose of rescuing a comrade from the hands of the police, should be exposed and punished. We hope that No. 2 will set a good example in this respect, and if they have any lawless rowdies in their ranks, turn them out without hesitation.

NEW CONGREGATIONAL CHURCH.—The new brick church which is being erected for the Congregationalists in the 4th Ward, begins to display its firm proportions. The roof timbers are on, and the spire is commenced. When completed it will add very much to the good appearance of that part of the city. The spire, which is to be altogether the finest in the city, will tower up high above everything in the Ward. Mygatt and Schmidtner are the architects.

☞ Messrs. KELLOGG & STRONG notify the public that they have taken possession of the large brick warehouse, lately occupied by Montgomery and Cutler and are prepared to receive produce, &c., in store.

A NORTH-EASTER.—For three days past it has blown stiffly and steadily from the North-East, but yesterday, towards evening, the wind abated and the weather improved. In consequence of the blow, we have had no boat from Chicago for two days—both the *Traveller* and *Planet* lying wind-bound there. One of them will doubtless be here this morning. The *Arctic* came in yesterday from Green Bay and left last evening for Chicago.

UPHOLSTERY.—Mr. HERMAN SCHULTE, a young man who has had much experience in the business, and been in the employment of one of the largest establishments in this city for several years, has now opened an upholstery on his own account, and very wisely concludes to let the public know where he may be found by advertising. He offers to do anything in his line of business on very reasonable terms. See his card, which will be found in another column.

WESTERN FREIGHTS.—Freights bound for Iowa and Minnesota are beginning to come in, to go west *via* the Milwaukee & Mississippi R. R. We noticed at the Freight Depot yesterday a large quantity of merchandize for Minneapolis, Minnesota, and McGregor, Iowa. The Propeller *Forest Queen* has several lots for Dubuque, West Union, and other places in Iowa.

COMPETITION IN RAIL ROAD FARES.—We learn that the Galena & Chicago R. R. Co. feeling already the effects of the opening of the shorter and quicker route to the Northwest, *via* the Milwaukee & Mississippi R. R., has reduced its through rates. Of course the M. & M. will be ready to meet all such reasonable efforts to obtain the lion's share of Northwestern trade and traffic.

CHILDREN'S CLOTHING EMPORIUM.—Mrs. HARVEY has just opened an establishment for the sale of children's clothing of every description, at No. 12 Wisconsin Street, lately Crampton's Real Estate Office, where she invites the ladies of Milwaukee—mothers in particular, who want nice articles of dress for their little ones—to give her a call. See her advertisement.

APOLOGY.—The *Wisconsin*, in copying some of the figures from our weekly market report, has been misled by an error of one of our compositors, who inserted the quotations for cattle and hogs for *two* weeks in Tuesday's issue. We will try to be more careful next time, for our neighbor's convenience.

PLANKINTON'S ADDITION.—An omnibus leaves the corner of East Water and Wisconsin Streets at 10 A. M. to-day, for the convenience of those who wish to attend the sale of lots in Plankinton's Addition.

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until July, Old Dr. James' wonderful and celebrated extract of Carnibi's Indica. His son-in-law, Dr. Thomas Tilton, will supply you with either, personally, or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps (12 cents) a recipe will be sent in return, free of charge, to any part of the Union.

OGDEN & WALL,
CITY LAND OFFICE.

CITY LAND OFFICE.

NEW additions in our city are now offering great inducements to all who want and should secure themselves a home, and to all who want to make investments for their children. It is by making investments in Lots while they can be purchased at a low price you will become rich. All of our citizens who are now wealthy owe their wealth to the *fact* of their purchasing Lots some eight or ten years ago *when they were cheap*. Some six or eight years ago you could purchase the best of Lots in the old First Ward and Fifth Ward at from three to five hundred dollars; the same lots are selling, and worth this day, five and six thousand dollars per Lot. The same chance is now offering itself again; we have two new additions, one in the first ward and another in the fifth ward, both of which in our opinion offer superior inducements to any other additions which have yet been offered this spring, and we would say to all who are in pursuit of Lots for investments, and for homes, not to be in a hurry. Wait for about twenty or thirty days and we think we will show to you a plat of some property which will, and must convince you that its location for Health, Scenery and advantages is unsurpassed. The plats of said property are now under way, and as soon as they are ready we will give notice and circulate them through the city. We are going to sell the property on such easy terms that the poorest man, or woman, or boy, can purchase a Lot. All the money that will be required down will be twenty per cent, the balance in 1, 2, 3, 4, 5, 6, 7 and 8 years, and all we have to say is, keep prepared for this grand opportunity which will be ready by the tenth or fifteenth of June. may19 OGDEN & WALL.

THE great sale of lots in that go-ahead Portage city remember takes place June 12, 13, 14. The lots to be sold are valuable for a new city. It holds out grand inducements. All who want to make purchases should go and visit Portage. You can leave here in the morning in the La Crosse cars and return in the evening.

This is a great chance for investments and for building up a large business.

Maps of said city are now ready at our office, on Michigan street.

WE are authorized to sell, or exchange for other city property, one of the best Dwelling Houses in the Seventh Ward, Corner of Astor and Martin St.'s. There is all the various Parlours, Sitting Room, Library, Room, Reading Room, finished in superior style. The chambers are of a large size with convenient and large closets. The house is supplied with Bath Rooms and Water privileges. The arrangement of the kitchen, wash and drying rooms are not to be equalled in the city. In fact it is impossible to give a full description of the superior advantages of this House. There is also a large new **BRICK BARN** and **Carriage House** and Coachman's Room. The said House is situated on two lots, 120 feet front, 127 feet deep. Great and Extensive Sale of Lots in Portage City, Columbia Co., Wis.

TWO HUNDRED LOTS.

THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comfort that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects so flattering as Portage City; and I would say to all who have money to invest, and who are seeking a house, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 12th, 13th and 15th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. They list of lots I will publish in a few days. They will be sold on very easy terms.

This is a fancy spot of unsurpassed location, unrivalled for its exquisite scenery, which is romantic and picturesque in the extreme, commanding a broad, open view of the whole of Pine Lake.

It is a very desirable place for a gentleman's country seat and affording admirable building sites on the Lake bluffs. The situation is notedly healthy and presents every facility for summer recreations, such as bathing, boating and fishing, with wild game in abundance at all seasons.

It will be sold at a very low price, making it a good investment for speculators.

HALIFAX, May 19.

The steamship *Niagara*, Capt. Hickman, arrived here this A. M., with Liverpool advices to the 9th inst., three days later than the *Anglo Saxon* and *Arago*.

The steamship *Arabian*, from Portland, arrived at Liverpool on the 8th inst.

The Belgian screw steamer *Constitution*, arrived at Southampton on the 7th inst.

The political news by the *Niagara*, is of considerable interest, embracing as it does, the delivery to Parliament of the Queen's speech. The ceremony was performed by the Lord Chancellor, the Queen's health preventing her reading it in person.

The speech contains a general encouraging views of the affairs of the nation, and with respect to the U. S. alludes to the yet unsettled state of negotiations, relative to Central America.

Liverpool market for breadstuffs steady, and in some cases slightly higher. The provision market was generally steady, and without important change. The London money market was without variation, except that consols had advanced 93⅞ for money.

New York Police Troubles.

New York, May 19.

The old Police Commissioners dismissed Capt. Carpenter yesterday for insubordination and appointed Lieutenant Horrigan in his place.—There was great excitement at the Station House, when later in the day both Captains assumed the control, but nothing serious came of it.

In Brooklyn Mr. Folkes issued his orders as deputy Superintendent, acknowledging himself subject to the new commissioners. Mayor Powell issued orders in contradiction. So the matter stands. The Board of Supervisors yesterday elected Supervisor Seers President of the board for the remainder of the term. They also voted to allow the Metropolitan Police, 6 men and and no more, and directed the clerk to inform the commissioners of their action.

Herald Correspondence, Washington, May 19 says:—The Russian government has intimated to ours, that instructions have been given to their Minister at Teheran, to persuade it to ratify the recent treaty with us. Despatches to the 4th of March have been received from Mr. Collins, at Irkoneth, on his way to Amoor River.—He had been at Kiachta, and received great attention from Russian and Chinese officials and merchants.

Lord Napier has again called the attention of our Government to the claims of certain British subjects, for indemnity for losses at Greytown.—Mr. Cass will, in reply, furnish a copy of Secretary Marcy's letter to Mr. Sartiges, in which it is not only clearly shown that there is no claim either legal or equitable, but that the arguments are supported by numerous precedents from English history.

The President has intimated that he will be unable to join the great R. R. celebration. Cass, Cobb, and Toucy are expected to join the excursion.

Secretary Cobb awarded a contract to-day for building the new steam revenue cutter, to Wm. H. Webb, of N. Y.

POTSDAM, N. Y., May 19.

A fire broke out about 12 o'clock last night, in the shed of the Universalist church in this place, and notwithstanding all efforts to extinguish it, destroyed the church, the town hall and a dwelling. The hall was insured.

THAT COMPOSITION ROOFING!

WEST'S PATENT GALVANIC CEMENT!

WHICH PROPERTY HOLDERS in this city and State are substituting for Shingle, Tin, Iron and Slate for covering buildings, has been in use over fifteen years, but only to a very limited extent, until within the past five or six years.

It was first used simply for *stopping leaks* of shingle roofs, about chimneys, scuttles, gutters, &c., and for covering tin roofs when they had become defective and worthless; then for covering over old shingle roofs, and finally for *entire new roofs*.

It is unlike any other composition roofing material, and differs in *one more very essential particular*, in that it has

NEVER FAILED!

And consequently gives *perfect satisfaction*.

The following *facts* and *testimonials* are in *substance*, such as are obtained wherever it has been introduced:

Within the past year, I have paid *three hundred and seventy three dollars* for *repairing leaky* and *defective roofs*. The composition used for such improvements is known as *West's Galvanic Cement*, for roofing. I am so well satisfied of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan St. ALEX. MITCHELL.

During the winter of 1856 and 57, I had *West's Galvanic Cement* for roofing, applied to the Excelsior Block erected on the corner where the United States Hotel was burned. This roof although yet in an unfinished condition, having only about *one half* the composition of a complete roof, and that put on in the most *unfavorable season*, is in all respects answering the purpose of a complete roof. *These facts*, together with many others within my knowledge convince me that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most *permanent* and *reliable* article for covering buildings that has yet been offered to the public.

J. B. CROSS,
Mayor of the city of Milwaukee.

I have had the composition above referred to applied to the *Newhall House*, during the past winter, and my *experience*, *knowledge* and *opinion* correspond with and fully corroborate the above facts and conclusion.

DAN'L NEWHALL.

From our knowledge of the composition for *covering buildings*, known as *West's Galvanic Cement*, for roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as *superior to any other article* of the kind now in use, and worthy of the fullest confidence of the public.

John French,	
Edwin Palmer,	
Master Builders.	

Since this article has come into general use there have been numerous patent *compositions*, *imitations* and *impositions* offered to the public; they have had their "*one of day*" of pretention, but the *time of trial* has proved them *all lacking some of the essential requisites* for a *perfect* and *reliable* roof, as we are *abundantly prepared to show*.

We learn through our master builders and architects that nearly all the buildings under contract for the coming season are by contract to have *West's Galvanic Cement Roof*.

☞ N. B.—Testimonials of the most satisfactory and conclusive character from citizens of Chicago, Detroit, Cleveland and other eastern cities, where this article has been thoroughly tested for years, can be seen at the office of the subscribers.

Town and County rights for sale on reasonable terms.

RUSSELL'S PATENT MASTIC ROOFING.
Patented February 12th, 1856.

THIS Mastic Roofing has been thoroughly tested for the last four years, and found in every respect to be all and even more than was represented, excelling by far all others now in use, Tin and Slate not excepted, in its adaptation to steep and flat Roofs, Rail Road Cars, Foundries, &c.

We are well aware, that in offering a new Invention to the public it must meet with some opposition but it should stand or fall upon its own merits. Our preparation is entirely different from any before known. We use a heavy Canvas, and saturate it with a water-proof compound before laying on the roof. On this we put a heavy cement which also renders it

FIRE-PROOF.

By this preparation it makes a much heavier and more desirable Roof than any other Cement Roofing now known.

For References and Circulars; and the Roofing can be seen on Alderman Plankinton's Candle Factory, and on the Phoenix Building.

The above Invention was made by C. C. Hull, of Albany, N. Y. The Right and Interest to said Invention was purchased by E. P. Russell of Manlius, N. Y. and Letters Patent were obtained by him February 12th, 1856, and was awarded the first Premium and Diploma at the Albany Co. Fair in the Fall of '56. We are authorized Agents for the sale of Town and County Rights in the West.—Those who may wish to engage in a highly profitable business with a small capital are earnestly desired to call. Great Sale of 150 Lots in PLANKINTON'S ADDITION.

THE SUBSCRIBER will offer for sale, at Public Auction, on the ground, on May 20th, 1857, one hundred and fifty of these valuable lots, situated in the most healthy and desirable part of the Ninth Ward, lying high and dry, and commanding a fine view of the whole city and harbor. This property is rapidly increasing in value, owing to the number of improvements now in progress or recently completed in this Ward, such as the handsome German Cathedral on Cherry Street, &c., &c. As these lots are very nearly on the grade established by the city, the expenses of the grading will be very light, although they are sufficiently elevated to render the drainage perfect. The streets are now being run out and will probably be graded and the sidewalks built in the course of the coming summer. Maps of the addition will be furnished on the day of sale, describing the lots for sale, &c. The terms of sale are very easy, being one-fourth cash and the balance in three equal annual payments, with interest at the rate of seven per cent. per annum, ten per cent of the purchase money to be paid on day of sale. This is the last chance that will be given for persons to obtain any of these valuable lots at a low figure, as the balance will be withdrawn from market, immediately after this sale. The sale will commence precisely at 10 o'clock A. M., unless postponed on account of the weather. Omnibusses will run from the corner of East Water and Wisconsin Streets, on the day of sale, to convey persons to and from the ground, free of charge.

ARCHITECTS AND BUILDERS ATTENTION!

W. E. CHILDS & CO., New Roofing Material!

PATENT FIRE AND WATER PROOF ELASTIC CEMENT ROOFING!

THE UNDERSIGNED are prepared to contract and put on in this city and throughout the State of Wisconsin, W. E. Childs & Co.'s Elastic Fire and Water Proof Cement Roofing, it being the only article yet invented that will successfully resist the action of the atmosphere in every climate. It is perfectly *Fire and Water Proof*—is a non-conductor of electricity, and in point of durability it is equal, if not superior to any Metallic Roofing. It is perfectly *elastic and flexible.* It contracts and expands with the change of the atmosphere, and will neither evaporate, crack, melt or rot; and there can be no question of its *durability.*

This Roofing is Practically Imperishable.

It will perfectly resist any ordinary external exposure to fire, as is abundantly testified, and we will warrant it water proof.

We will engage to put it on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for six dollars per one hundred square feet. It will also be found to be the best thing ever invented to cover the decks of vessels, Rail Road cars, depots and bridges, and to cover or mend old leaky tin, tar and gravel roofs, or to use around chimneys, scuttles, dormer windows and gutters, where the tin or other metals are rusted through.

This cement can be put on to last as long as stone, and will form a perfect adhesion to the object to which it is applied, such as wood, metal, brick or stone. Tin and other metal roofs can be painted over—warranted not to leak—at three dollars per ten feet square, which is cheaper and far more durable than paint. As this roof is perfect (without a joint in it) it presents no chance for fire to communicate, and any light substance will burn out without igniting. It is now being generally introduced in New York, Boston, Philadelphia and other large Eastern and Southern cities, and has met with general adoption throughout the Western cities, and having superceded all others at Cincinnati, where it was first used, and where there are many roofs that were put on three years ago, all of which are now perfect.

We invite all who are building, and also those who wish their roofs repaired, to call at our office, No. 249 Main street, 1st door North of Wisconsin, and to examine samples. We refer to the following gentlemen:

CINCINNATI, May 2, 1857.

MESSRS. J. CARLISLE & Co., Milwaukee, Wis:—

In justice to yourselves and the merits of your "W. E. Childs & Co.'s Patent Elastic Fire and Water Proof Cement Roof," we take great pleasure in making the following statement:—We have been engaged practically, all our lives, in building, and are well acquainted with all the Patent Roofs generally, and erroneously classed yours with the current humbugs of the day. We are now satisfied, from a scrutinizing investigation, that your roof is the very best of which we have any knowledge, (not excepting metal roofs of any kind,) because of its extreme lightness in weight and elasticity of texture. We are recommending it to all for whom we build. From a specimen of two years standing which we have seen, we are satisfied that it is practically imperishable, and as far as weather influences are concerned, will out last the most substantial building. Its fire and water proof qualities are unquestionable.

Yours Respectfully,
J. & D. DeCAMP, Builders.

CINCINNATI, 5th Month, 5th Day, 1857.

MESSRS. CARLISLE & Co.,

You having requested my opinion about W. E. Childs & Co's Patent Elastic Cement Roofing. In answer to your request, I can state I have used the Cement in several buildings of my own; which have stood the test of the hottest and most intense cold weather of last year, without being effected, I give it as my decided opinion, that it is the best and most perfect roof now in use. Among its desirable qualities is that of being so completely water-tight around the fire-wall, hatches, chimneys, &c., and clear from danger of fire by sparks or other flames.

EZRA BAILY.

OFFICE OF THE CIN. HAMILTON & DAYTON R. R. Co.,
Cincinnati, May 1st, 1857.

MESSRS. J. CARLISLE & Co.—

Dear Sirs—My opinion has frequently been asked of W. E. Childs & Co's Patent Cement Roofing. I have no interest in the article, directly or indirectly, but feel a desire to see a good thing generally introduced.

During the past year I have used it on my Main street building, and find it a very great improvement on all cements heretofore in use in our city. Many of our first class buildings have recently been covered with it, and I have heard many of the owners speak in high praise of the article. We are at this time covering some of our cars with this cement.

Yours truly,
S. S. L'HOMMEDIEU,
President of Cin. & Ham. Dayton R. R. Co.

CINCINNATI, May 4th, 1857.

This is to certify that we have used W. E. Childs & Co's Patent and Fire Proof Cement, on the Passenger and Freight Cars of the Cin. Hamilton & Dayton R. R., and find it to answer the purpose better than any kind of roofing we have ever tried. I would recommend it to all Railroad companies as the most desirable and safe roofing that can be applied to the roofs of Passenger or Freight cars.

DANIEL McLAREN,
Sup't. of Motive Power Cin. Ham. & Dayton R. R. Co.

CINCINNATI, May 1st, 1857.

Having examined the Cement Roofing patented by W. E. Childs & Co., and now being put on by them, I feel confident in stating that it is superior to any roof ever before tried in this city. It presents a neat clean surface, is very elastic, and seems to have all the qualities the inventor claims for it.

JAMES W. McLAUGHLIN, Architect.

OFFICE OF BUCKEYE STATE IN. Co.,
Cincinnati, Dec. 16, '56.

To all whom it may concern:

This is to certify that I have examined specimens and roofs of W. E. Childs & Co's "Elastic Fire and Water Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye-witness of a severe trial of one of these roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation and saved the building. Yours,

T. M. BASKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY, ROYAL IN. Co.,
February 6, 1857.

I have examined W. E. Childs & Co's Elastic Fire and Water Proof Cement Roofing, and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.

JOHN S. LAW,
Agent Royal Ins. Co., London and Liverpool.

And many other testimonials that can be seen by calling on us.

The Cement will be furnished in large or small quantities to those wishing it, residing out of the city, with printed directions for applying it.

Orders sent to us through the Post Office will be promptly attended to. Application may be made to us for the purchase of rights in Counties or towns throughout this State, in which to use the above roofing.

NO BLAZE! NO BURNT STEAKS! No Smoky Kitchen!

ROBINSONS DOWNWARD DRAFT GRID IRON.

"What though with lavish kindness
The Sirloin steaks are strewn,
Some Bridget in her blindness
Will cook them hard as stones."

The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.

[From the Boston Advertiser.]

A good beef-steak, well cooked, so seldom appears in the line of most men's lives, that we think a very great advance has been made in civilization by the introduction of a new *gridiron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.

This new gridiron accomplishes three desiderata:

1. It saves all the gravy of the meat, none dropping into the fire.
2. It cooks the steak through, without burning the outside.
3. It prevents the passage of any smoke into the kitchen or house.

The grand result, as we are made certain by the judgment of many experts, as well as our own more fallible taste, is, that with less trouble, meat is broiled better than ever before.

Jouven's Inodorous Preparation FOR INSTANTLY CLEANING KID GLOVES

Of any Color and for BEAUTIFYING THE COMPLEXION, PRICE 25 CENTS PER BOTTLE. *One Bottle Cleans Fifty Pair of Gloves!*

JOUVEN'S Inodorous Kid Glove Cleaner is the article used by the Kid Glove manufacturers of France to impart that purity and softness to the kid for which their gloves are so justly celebrated. When the gloves leave the hand of the Sewer, it is naturally more or less soiled, and this preparation is resorted to, to cleanse and beautify it. To clean Kid Gloves, no matter how much soiled, what color they are, dip a piece of white flannel in the preparation, and with it wipe off the dirt from the glove, and in a moment it is as pure and beautiful as when new; and as not the slightest odor proceeds from it, the glove can be immediately worn. Full directions accompany each bottle.

It is, also, the finest article in the world for cleaning Kid Slippers, &c., and if used for the toilet, will greatly beautify the complexion, remove tan and pimples of all kinds. The Ladies of Louis Napoleon's Court use it, exclusive of any other, for this purpose. Beware of Counterfeits. The well known name of Solomon Conteut, as manufacturer, is on all the labels of the genuine article, all others are spurious. MEDICAL.

BOERHAVE'S HOLLAND BITTERS

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE.

And the various affections consequent upon a disordered STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

☞ Sold at $1.00 per Bottle, or six Bottles for $5.00, by the
